

Did you know that pharmacies can now offer clinical appointments with medication available if required for four clinical conditions particularly relevant to school age children?

- **Earache** (children aged 1-17)
- **Sore throat** (over 5s)
- **Infected insect bites** (over 1s)
- **Impetigo** (over 1s)

Think 'Pharmacy First'

GP practices are busy and it can be difficult to get a same-day GP appointment. When your child is off sick from school with any of the above conditions, by going straight to your local pharmacy you can have a consultation with a trained clinical professional and receive advice and even medication if it is needed, meaning they could be on the road to recovery and back at school as soon as possible.

For more information, speak with your local community pharmacy.
