Principal's Newsletter

Dear Parents and Carers,

As we complete our first full week of the new school year, I would like to thank students, staff and families for helping us make such a positive start.

It has been great to see students return with a positive attitude and a strong focus on learning. Students across all year groups have settled quickly into school routines and have made an impressive start to the year.

I would like to give a special mention to our Year 11 students, many of whom have already started attending intervention sessions. Their commitment to achieving their best in their GCSEs is excellent and it is encouraging to see so many students taking advantage of the extra support available.

At the start of term, every student received a pencil case with essential learning equipment. Having the right equipment helps students to be organised, ready to learn and successful in lessons. We would appreciate your support in encouraging students to look after their equipment and bring it to school each day.

This week, all students have completed NGRT reading assessments. These tests help us understand students' reading skills so that we can provide the right support and activities where needed. Reading is one of our key priorities because research continues to show a strong link between reading ability and success in GCSE examinations. By identifying any support students need early, we can help them make the best possible progress.

I am also delighted to share that the academy has received recognition from the South Yorkshire Careers Hub for our continued improvement in careers education and guidance. This award reflects our commitment to helping students understand the different opportunities available to them and prepare for their future education and careers. This achievement is a testament to the dedication of Mrs Fox, who has worked tirelessly to develop our careers programme. Through her leadership, students have benefited from a wide range of careers events, employer visits, guidance sessions and enrichment opportunities. Her work has helped ensure that our students are well informed and prepared for their next steps and we are proud that this has been recognised externally.

Finally, please look out for a communication from Mr Abraham, who will be sharing some updates and reminders regarding academy uniform and attendance expectations.

Thank you for your ongoing support. We look forward to building on this excellent start and continuing to work together to ensure the very best outcomes for all our students.

Kind regards,
Gillian Mills
