## Parent/Carer Update – Part Two

From **Monday 9th to Friday 13th November 2026**, students and staff across Consilium Academies will work together towards an ambitious target of collectively travelling **272 miles** – the approximate distance between all eight Consilium academies.

As part of this exciting initiative, we will be encouraging all Armthorpe Academy students to participate in our **Walk a Mile Challenge**, with the ambition of every student walking at least one mile during the week. By working together, we hope to make a significant contribution towards the trust-wide target, whilst promoting physical activity, teamwork and the importance of supporting others. A letter and poster regarding completing and logging these miles has been sent to all families.

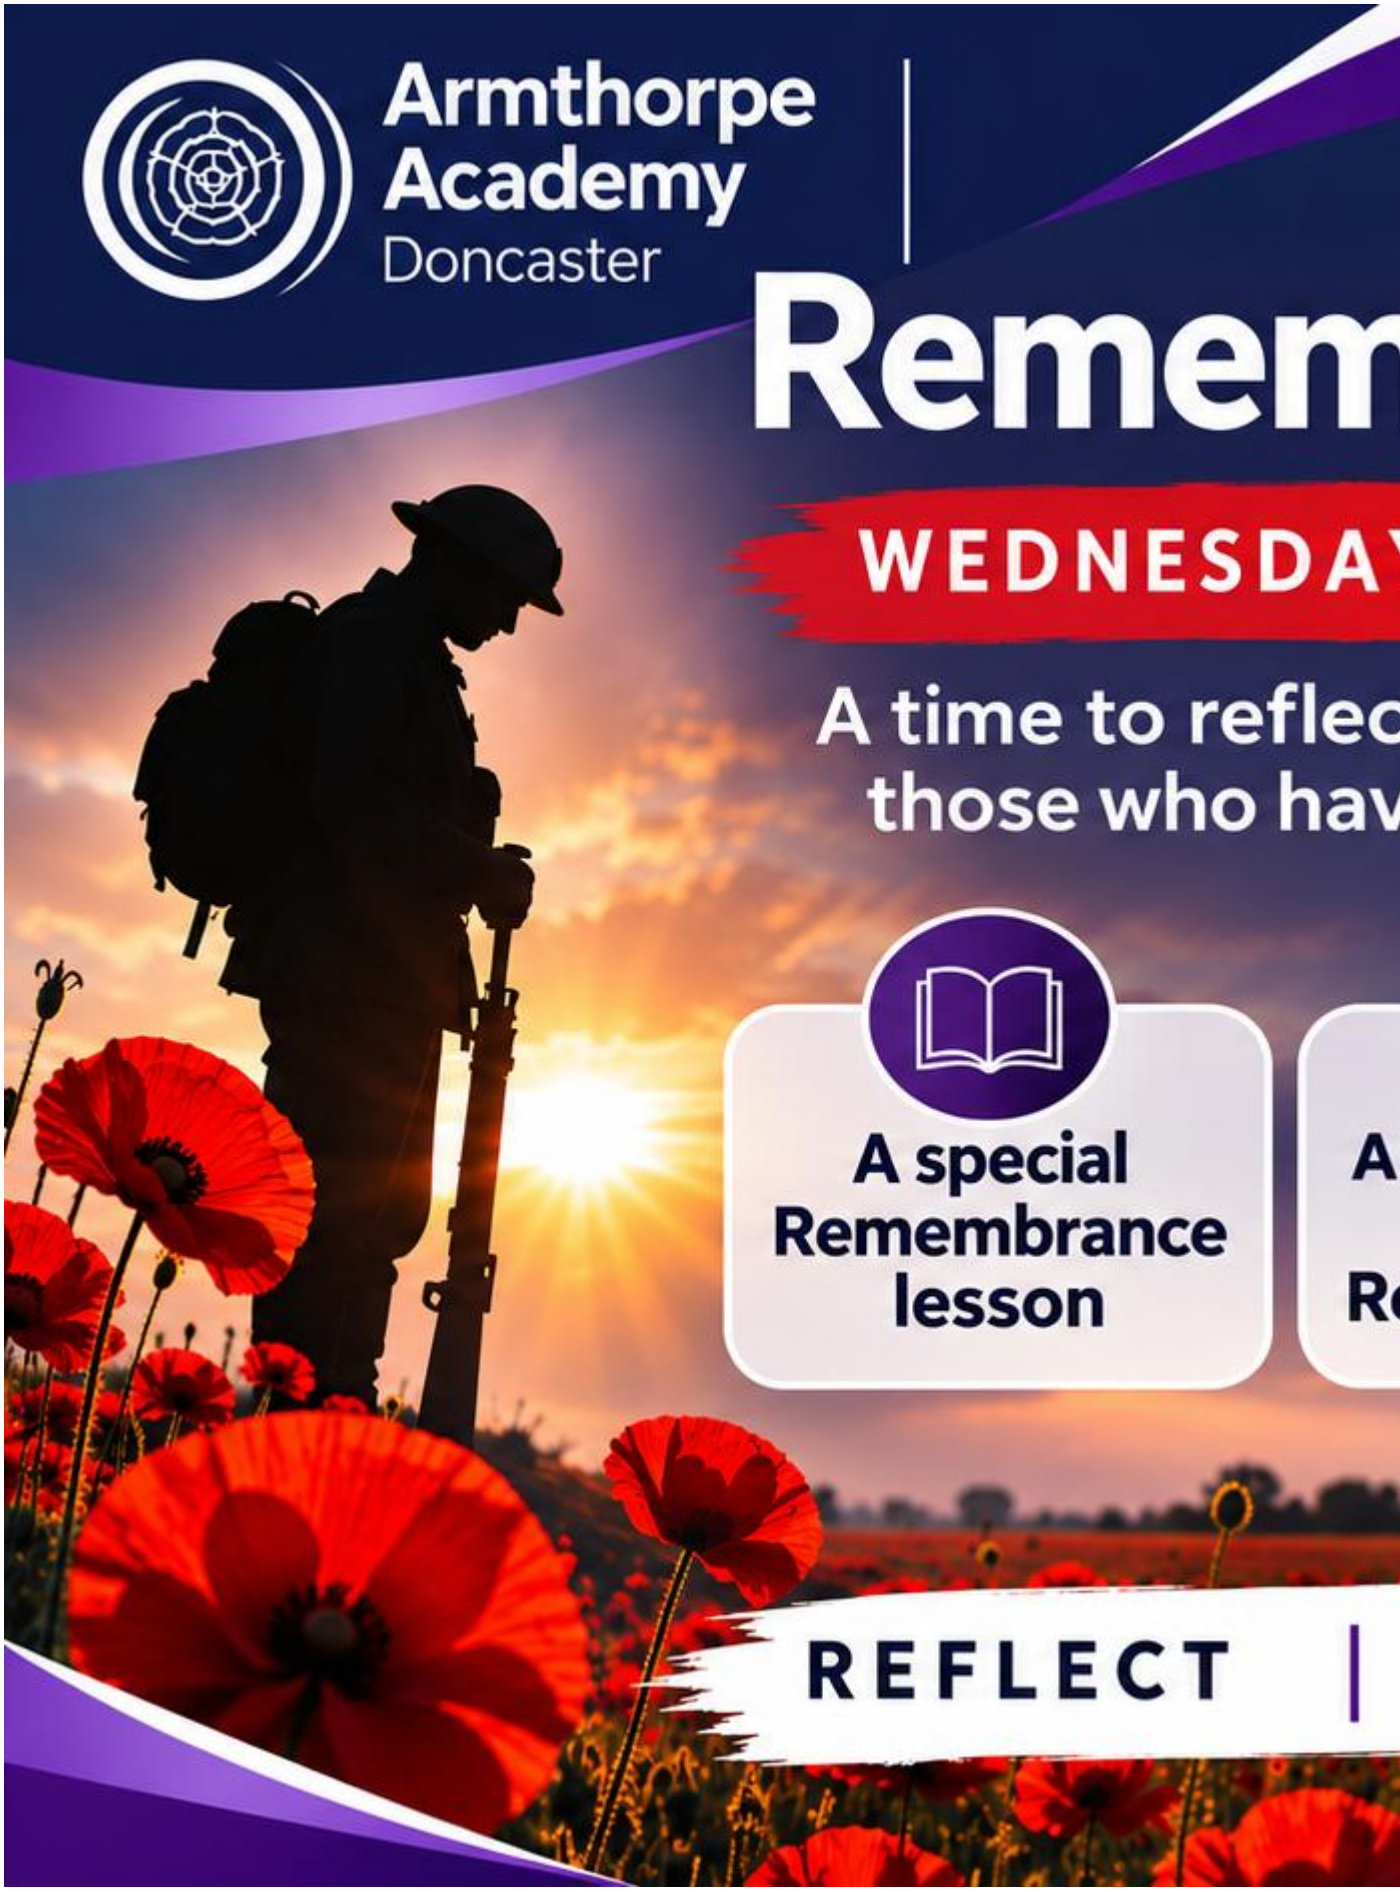

To celebrate our involvement and round off the week, we will be holding a special **Children in Need themed day on Friday 13th November 2026**.

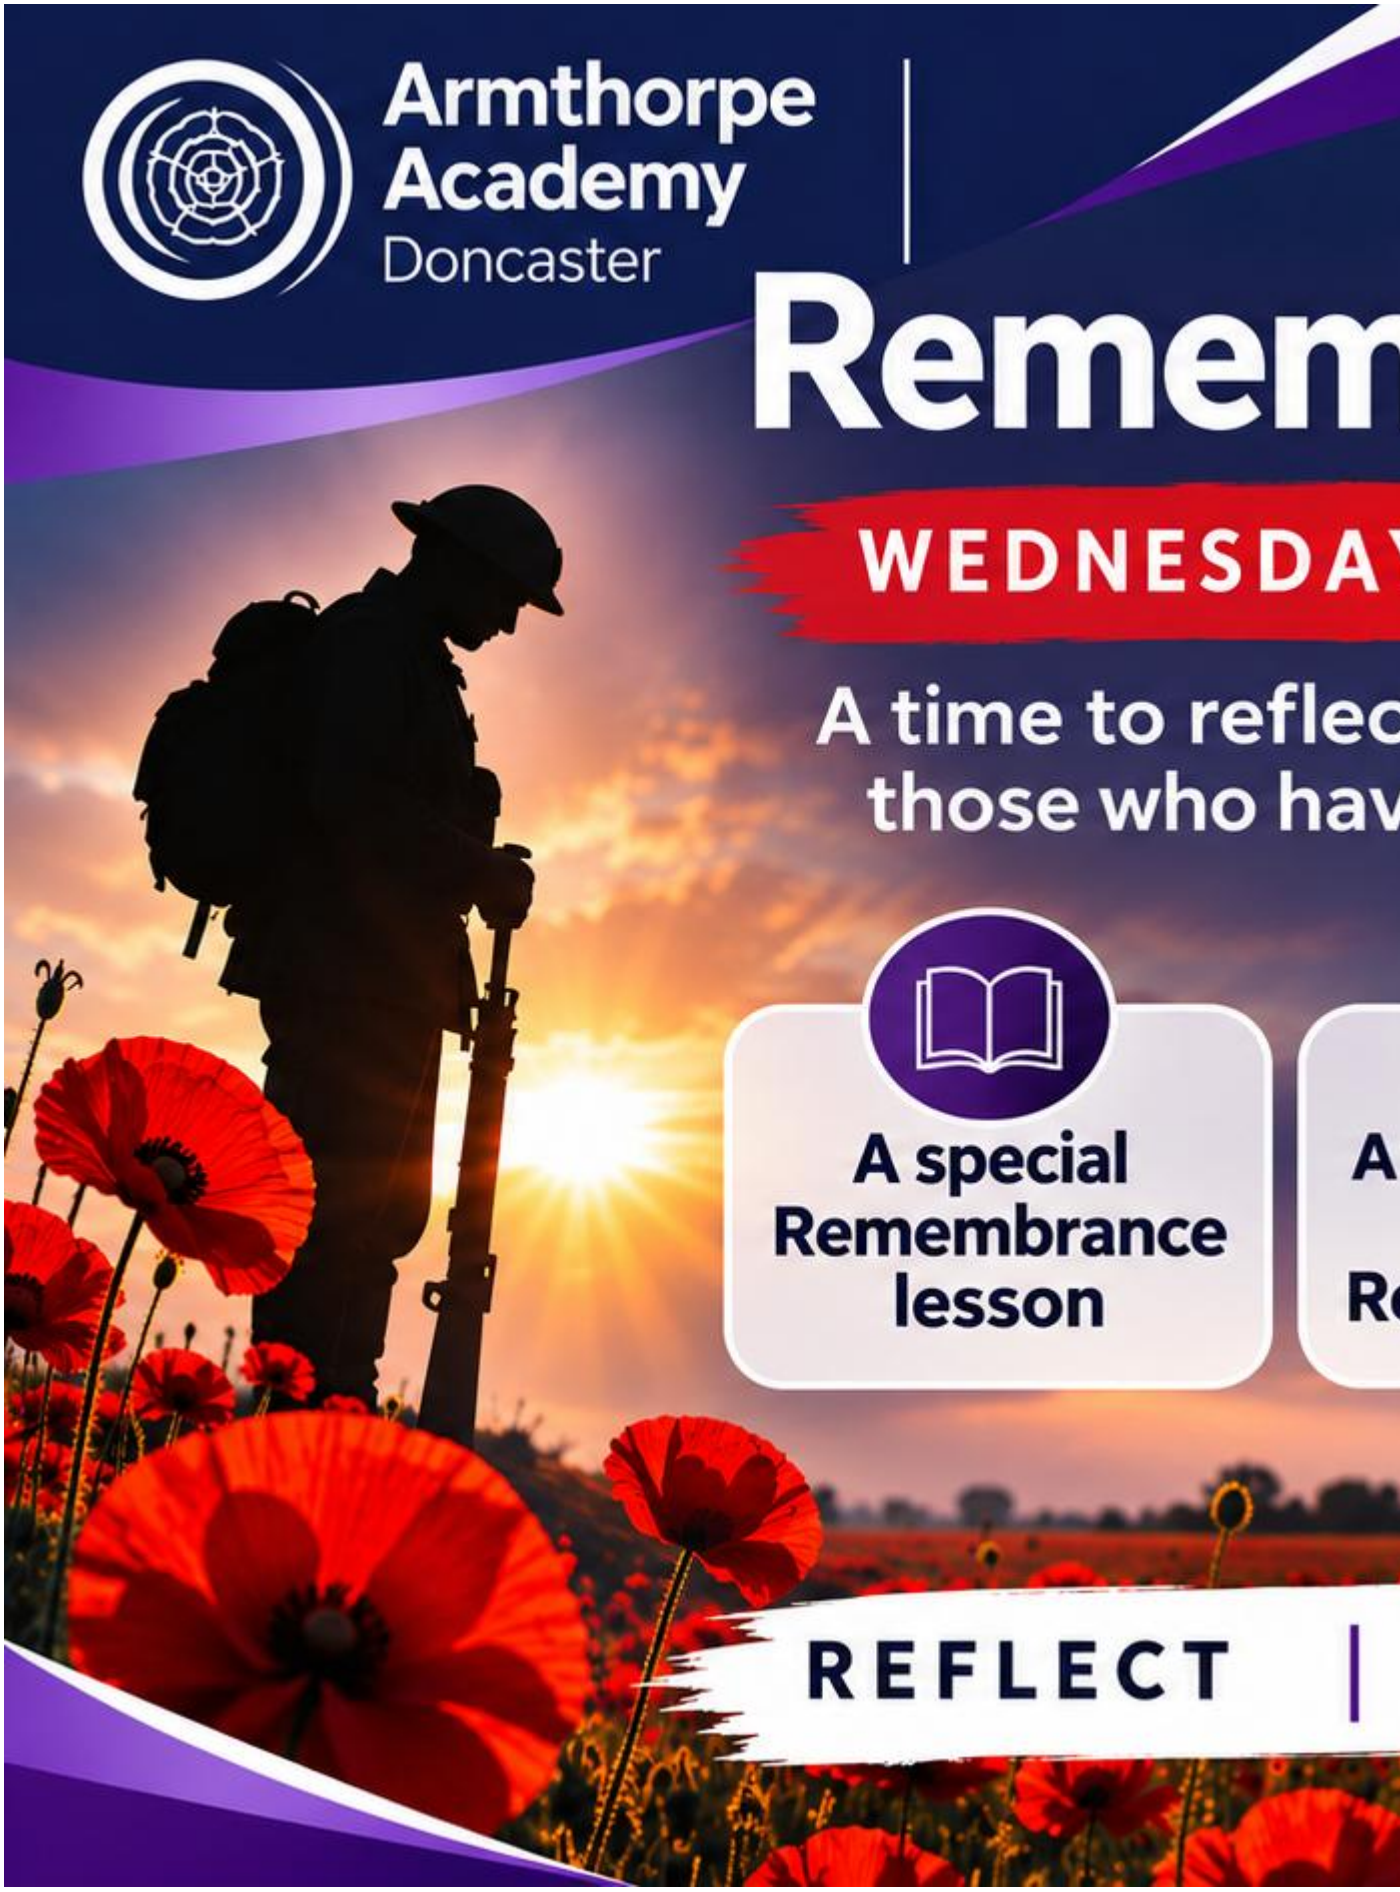

On this day:
**Children in Need themed food** will be available for students to purchase from our school canteen.

Students will have the opportunity to **wear something Children in Need or yellow alongside their normal school uniform**. We must stress that this **is not** a non-school uniform day.

**Whilst donations are entirely voluntary and there is no expectation for families to contribute, we would be extremely grateful for any support. Staff will be available at the school gates on the morning of Friday 13th November 2026 to collect optional cash donations, with all contributions going towards BBC Children in Need."**
