Enriching Lives, Inspiring Ambitions

Our Ref: CRO

21st February 2022

Dear Parent/Carer

Apologies for the disruption today. Unfortunately, due to the extreme winds we have had to close two of our buildings for the health and safety of our school community. Roof tiles have flown off the roof of South overnight and this morning; obviously we do not want to put anyone in danger.

With re-rooming, the new building can accommodate three years groups. Years 7, 10 and 11 will be based in the main building all day. To ensure safety, all students will be kept inside all day, including at break and lunch.

Students in Years 8 and 9 should log on remotely – staff will be delivering lessons ‘live’ all day.

I will contact you again this evening. Obviously, we will be endeavoring to ensure the school building is safe for everyone to return as quickly as possible.

Apologies for the inconvenience. In situations such as this Health and Safety will always come first.

Thank you in anticipation for your support

Claire Robbins
Headteacher
