## Academy Values

<b>Respect</b> #Communicate with Kindness	At the start of our rainbow because manners and kindness cost nothing but mean so much.
<b>Responsibility</b> #Make Positive Choices	Life is all about choices. It is never too late to make a positive choice; you do not find a rainbow looking down.
<b>Resilience</b> #Never Give Up	In the middle of our rainbow because resilience is a skill not an ability. It can be learnt. It is an invaluable life skill.
<b>Pride</b> #The Best of Me	Nothing replaces hard work, but pride features at this point in our rainbow as it requires the 3 Rs before it, then some inner drive.
<b>Ambition</b> #Dream Big	Ambition is at the end of our rainbow because dreams will come true but only if all our other values are engrained and embed.
