Dear Parent/Carer

Re: «Forename» «Surname» - «Reg»

Following a successful options process we would like to thank you for your patience and collaboration in enabling your child to make informed decisions about their GCSE subject choices. Below is a summary of your child's curriculum for September 2022, we have spent a substantial amount of time ensuring that your child receives a curriculum that is balanced and gives them a well-rounded education that is not solely based around examinations.

In addition to the subjects below, all students will also participate in a 30-minute intervention period each day which will be used to enable students to know and remember more in subject areas they may need further support or stretch in. In addition to this there is a 20 minutes Values lesson with their Personal Development Tutor.

Subject	Number of lessons per week (55 mins)
English	5
Mathematics	4
Science*	5
PHSE/RE (fortnightly)	1
Games	1
«Block_A»	3
«Block_B»	3
«Block_C»	3

Some students have opted to complete 3 separate GCSEs in Biology, Chemistry and Physics, this means that students on this curriculum pathway will have an additional 3 lessons per week in Science. For all other students, they will complete 2 GCSEs in Combined Science.

Your child's choices have been based around their first options but on some occasions there have been reserves allocated, this has primarily occurred when groups have been too small to run. Should you have any questions or queries in the meantime, please do not hesitate to contact Miss Hanquinioux, Assistant Headteacher (sarah.hanquinioux@consilium-at.com)

Yours sincerely

Sarah Hanquinioux
Assistant Headteacher
